AUTO LEVEL

AL4-3

Features:

- * High precision & stability of magnetic compensator
- * Key components made by imported materials
- * Accuracy without micrometer $\leq 2.5\text{mm}$
- * IP54 water protection

Specification:

Model No	AL4-3
Standard deviation for 1km double-run Leveling	2.5mm
Image	Erect
Magnification	32X
Objective aperture	42mm
Field of View	1°20'
Stadia Multiplication	100
Addition Constants	0
Shortest Sighting Distance	0.5m
Compensation range	$\pm 15'$
Compensation type	Magnetic damping
Leveling accuracy	$\pm 0.3''$
Circular bubble sensitivity	10'/2mm
Circle Graduation	1° or 1 gon
Weight	1.75kgs
Waterproof	IP54
